

There's a Place for You in Thunder Bay!

We are currently recruiting for
Psychiatrists in
**General Adult Psychiatry Child
& Adolescent Psychiatry
Community Mental Health
Addictions Psychiatry
Geriatric Psychiatry** (*part time opportunity*)

We offer competitive compensation and benefits

Nestled on the pristine shores of Lake Superior and surrounded by the beauty of nature, Thunder Bay, with a population of 115,000, offers a perfect balance of urban and rural life. With world class sailing, boating, camping, hiking and cycling in the summer months and downhill or cross country skiing in the winter, Thunder Bay has something to offer healthy living enthusiasts throughout the year. Affordable housing, a vibrant, culturally diverse community with access to fine dining and the arts, make this community a wonderful place to live, work or raise a family. Thunder Bay has excellent schools including publicly funded French Language, French Immersion and International Baccalaureate Programs as well as Confederation College and Lakehead University. It is home to the west campus of the Northern Ontario School of Medicine and the newest Law program in Ontario. Thunder Bay also offers innovative opportunities through the Thunder Bay Regional Research Institute.

Health care is the largest growing industry in our region. Thunder Bay Regional Health Sciences Centre and St. Joseph's Care Group are recognized leaders in Northwestern Ontario in the provision of acute care, complex care, rehabilitation, long term care, and mental health and addiction services. Both organizations operate on a program management model, providing client and family centred services with an emphasis on inter professional collaboration and evidence-based practice. We are looking for dynamic individuals to join our team as we transform services to be more responsive to those living with mental health and addiction issues.

Qualifications and Position Requirements

- FRCP(C) in Psychiatry
- CPSO license in good standing and membership in CMPA
- Demonstrated experience working within an inter-professional practice model
- Specialized qualifications in Addiction Medicine or Geriatric or Child & Adolescent or its equivalency would be an asset for some positions
- The successful candidate will be expected to apply for a facility appointment at the Northern Ontario School of Medicine
- A variety of compensation options, including relocation expenses are available and can be negotiated. Northern Recruitment and Retention Incentives may be available.

If you are looking for a change of pace in a dynamic professional environment, consider a change in geography.

Northwestern Ontario.... "Wish You Were Here"
