Thunder Bay Regional Health Sciences Centre

Radiology Recruitment

The Diagnostic Imaging Department at the Thunder Bay Regional Health Sciences Centre (TBRHSC) is seeking a General Radiologist with [North American Fellowship training in breast imaging including breast MRI] to join our department. The successful candidate would function as a general radiologist with a special interest in breast imaging and be proficient in performing all breast related interventional procedures (mammography, sonography and MRI-guided procedures). While compensation for this position will be on a Fee-For Service basis through billings with OHIP, an estimated yearly salary of $400,000 could be expected.

TBRHSC is a state of the art, 395 funded bed acute care facility. Our hospital provides coverage to a regional population base of 250,000 people and delivers all services with the exception of Cardiac Surgery. We are also the Regional Trauma Centre and Cancer Referral Centre for Northwestern Ontario. For more information please visit us at: [http://www.tbh.net](http://www.tbh.net).

Teaching, research and continuing professional development opportunities for physicians and health professionals are offered through numerous institutions, including: TBRHSC; the Northern Ontario School of Medicine (NOSM); and the Thunder Bay Regional Research Institute (TBRRI).

Interested candidates are invited to inquire about this opportunity by sending their curriculum vitae by email to the attention of:
