

Are you worried about your child's weight?

Is it affecting their health or quality of life?

If your child is between the ages of 4-17 years and you are ready to make changes as a family, talk to your health care provider or call us directly at (807) 684-6058, to see if you are eligible for the Paediatric Healthy Living Program.

This is a 2 year, family based program where your family will work with our team - Social Worker, Psychologist, Dietitian, Kinesiologist and Nurse Practitioner, to assist with making healthy lifestyle changes.
