

### **A guide on how to access the Mental Health Consultation intervention in the EMR**

The following steps are taken to access the Mental Health Consultation in the EMR:

1. Access the patient's record in the EMR and select the appropriate visit i.e current visit (Figure 1)
2. Now that the appropriate visit has been selected, access the EMR on the right side of the screen. (Figure 2)
3. Now select "Care Activity". All interventions related to the patient's care for this visit will be recorded here. (Figure 3)
4. On the left side of the screen "Recorded by" will appear, select this to access the nurse assessment. (Figure 4)
5. A list of names will appear, these are all nurses that have assessed and charted on the patient care. Select the name of the MHAT nurse to access the Mental Health Consultation. (Figure 5)
6. Now access the blue "i" for information to see the assessment (Figure 6).

The following is a list of MHAT and CL nurses to assist with finding the Mental Health Consultation under the "Recorded by" section in the EMR as described:
