

Pan-Northern Webinar:

How to Manage your Neurology & Transient Ischemic Attack (TIA) Patients in Emergency Departments across Northern Ontario

Wednesday, October 19, 2022
12:00 - 13:00

After the presentation, participants will be able to:

- *Apply knowledge and adopt tools to independently assess, diagnose and initiate the management of adult TIA patients*
- *Identify different presentations of Encephalitis; describe the relevant radiological findings and recognize the available options for management*

Cases will be presented to highlight how the concepts can be applied to practice

Speakers:

- Dr. Ravinder-Jeet Singh, Stroke Neurologist
- Dr. Brett Caccamo, Medical Student
